GUARANTEED ANALYSIS:

Nitrogen	4%
Phosphorus	0%
Potassium	21%
Boron	0.1%

NET CONTENTS: 2.5 gallons / 9.46 liters

MADE IN THE USA

At Green Up: Apply 2 quarts of Earthquake or Earthquake Plus and 2 to 4 quarts of Forage Factor, per acre.

After 1st cutting: Apply 1 quart of Earthquake or Earthquake Plus and 2 to 4 quarts of Forage Factor, per acre.

After 2nd cutting: Apply 1 quart of Earthquake or Earthquake Plus and 2 to 4 quarts of Forage Factor, per acre.

Follow up applications after each cutting: Apply 2 to 4 quarts of Forage Factor, per acre.

We also suggest adding 4 ounces of Nano Pro to every application for enhanced nutrient delivery.

COMMENTS:

- Given cost per acre, most growers are applying 4 quarts of Forage Factor, per acre.
- Follow up applications should be made with 2 to 4 inches of re-growth for best results.
- When needed, Dropkick 21 can be incorporated into this program for added potash. 1 to 2 quarts per acre, in addition to Forage Factor, or in place of.
- 4 ounces of Nano K can also be added to any application for additional and efficient potash delivery.**
- All applications can be made with herbicides and pesticides.
- When applying Sugar Creek Ag products with other products, including herbicides, pesticides & fungicides; a jar test is recommended for compatibility.
- When spraying herbicides, use **WILDFIRE** for a more effective weed kill. Saves you time and money!
- If your crops are needing calcium, consider applying Cal-zone. 100% plant available!

Other products to consider for Alfalfa include:

- | | | |
|------------------------------------|--------------|--|
| Micro-N-Rich (3-0-0 with 5 micros) | Liquid Kelp | REVAMP (stimulates microbial activity) |
| Payback (2-16-16 with 5 micros) | Nano Fe | Nano Phos |
| BOLT (legume bio-stimulant) | BrimStone 17 | |

We understand that farming practices will vary from farm to farm, as do growing conditions, crop needs, etc. Feel free to contact us to discuss the best ways to utilize our products on your farm. Our products should be considered a supplemental "tool" to assist you in meeting your goals and to address soil and crop challenges.
