**At Planting:** 2 quarts of Earthquake (or Earthquake Plus), 2 to 5 gallons Phos Factor Z, 1 quart of Micro-N-Rich per acre. Consider adding 1 quart of Liquid Kelp to this application. If using a starter other than Phos Factor Z, add the Earthquake, Micro-N-Rich and possibly, the Liquid Kelp to the at planting application.

When applying 32-0-0 or 10-34-0, add 2 quarts of Earthquake (or Earthquake Plus) and 4 ounces of Nano N+ Cal-zone Liquid Calcium can be added to applications of 32-0-0 at an application rate of 3 to 5 gallons per acre.

**In-season foliar applications based on crop need:**

- Phos Factor Z (7-24-0 w/ Zn) can be foliar applied at 1 gallon per acre with 1 quart of Earthquake.
- Triple 8 Plus (8-8-8 w/ 6 micros) can be foliar applied at 2 quarts per acre with 1 quart of Earthquake.
- Payback (2-16-16 w/ 6 micros) can be foliar applied at 2 quarts per acre with 1 quart of Earthquake.
- DropKick21 (4-0-21 with Boron) can be foliar applied at 2 quarts per acre with 1 quart of Earthquake.
- BrimStone 17 (8-0-0-17S) can be foliar applied at 2 quarts per acre with 1 quart of Earthquake.

**Products to consider adding to foliar applications based on crop need:**

- BOLT bio-stimulant can be added to any application at 1 pint per acre (up to 1 quart per acre)
- 4 ounces of Nano Phos or Nano K
- Liquid Kelp (1 quart per acre)

**COMMENTS:**

- When applying Sugar Creek Ag products with other products, including herbicides, pesticides & fungicides; a jar test is recommended for compatibility.
- When applying foliar nutrients, herbicides and fungicides, add 4 ounces of Nano Pro to every application

**Other products to consider for Potatoes include:**

OVERHAUL    REVAMP    INSECT-X-CITER    When applying herbicides, use WILDFIRE

We understand that farming practices will vary from farm to farm, as do growing conditions, crop needs, etc. Feel free to contact us to discuss the best ways to utilize our products on your farm. Our products should be considered a supplemental "tool" to assist you in meeting your goals and to address soil and crop challenges.
